CLEAR

2019 - Present

INDUSTRIAL DESIGN | GRAPHIC DESIGN | EXPERIENCE DESIGN | SERVICE DESIGN | PACKAGING DESIGN

CON CON
Handheld Tablet with Fingerprint reader

JACK JACK
Face ID Pilot testing

MERCURY
Facial Recognition + Temperature scanning

NEO
Facial Recognition POD

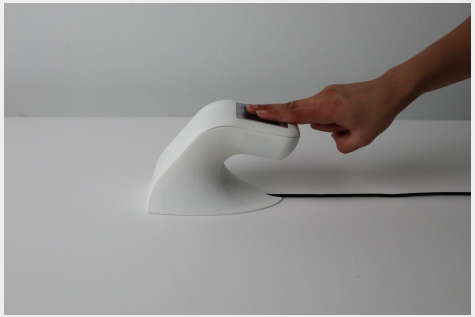
POD 2
Future of lane PODS

2019 | 2020 | 2021 | 2022

SWOOP

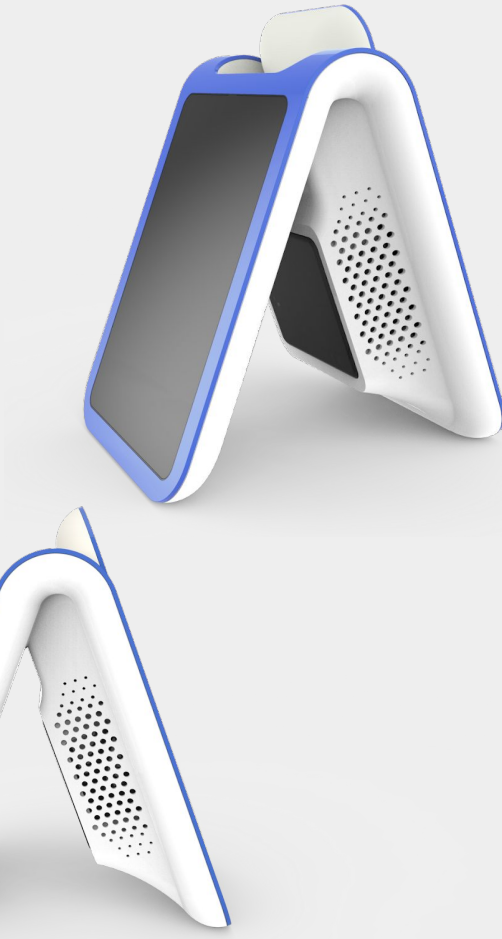
Pilot integration with Mashgin

- Checkout with CLEAR
- Enabled age verification and checkout using biometrics (FPR)
- Piloted with Mashgin & Aramark at Mets stadium



JACK JACK

Precursor to NEO, utilized fixed angle camera. Piloted with Delta at Atlanta Sky Lounge



COBRACK

Precursor to NEO, utilized fixed angle camera. Piloted with Delta at Atlanta Sky Lounge

- New camera at different height
- Working prototypes built and tested at Sky lounge

CON CON

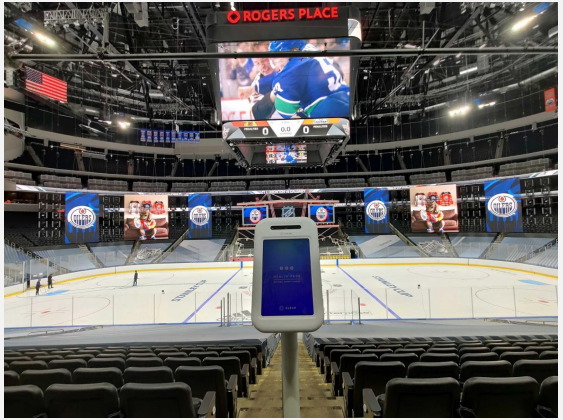
Confer & Concur device used by the ambassadors near the TSA checkpoint at the Airport verification lane.

- Combines Fingerprint reader with tablet
- Secures ports for security
- Hand strap for all day comfort

MERCURY

Thermal hardware for venue access originally developed for the NHL Stanley Cup Playoffs

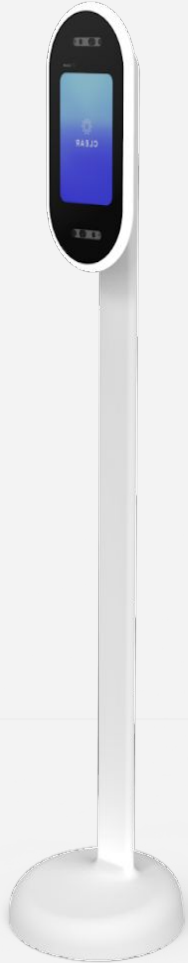
- Idea, to design, and into production at scale within 8 weeks
- Supported dozens of partners with 100s of Skyler devices
- Worked in conjunction with CLEAR app to grant venue access

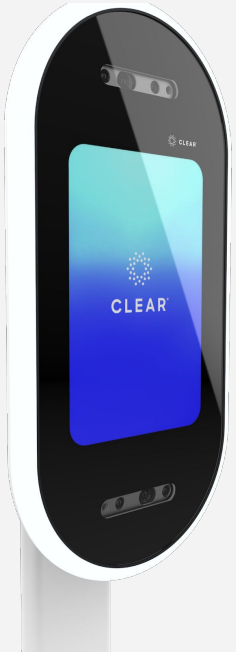


NEO

NEO is CLEAR's modular biometric "Pod".

Further modularity expansions to the product include: bar code, doc scanner, thermal cam, NFC, etc.



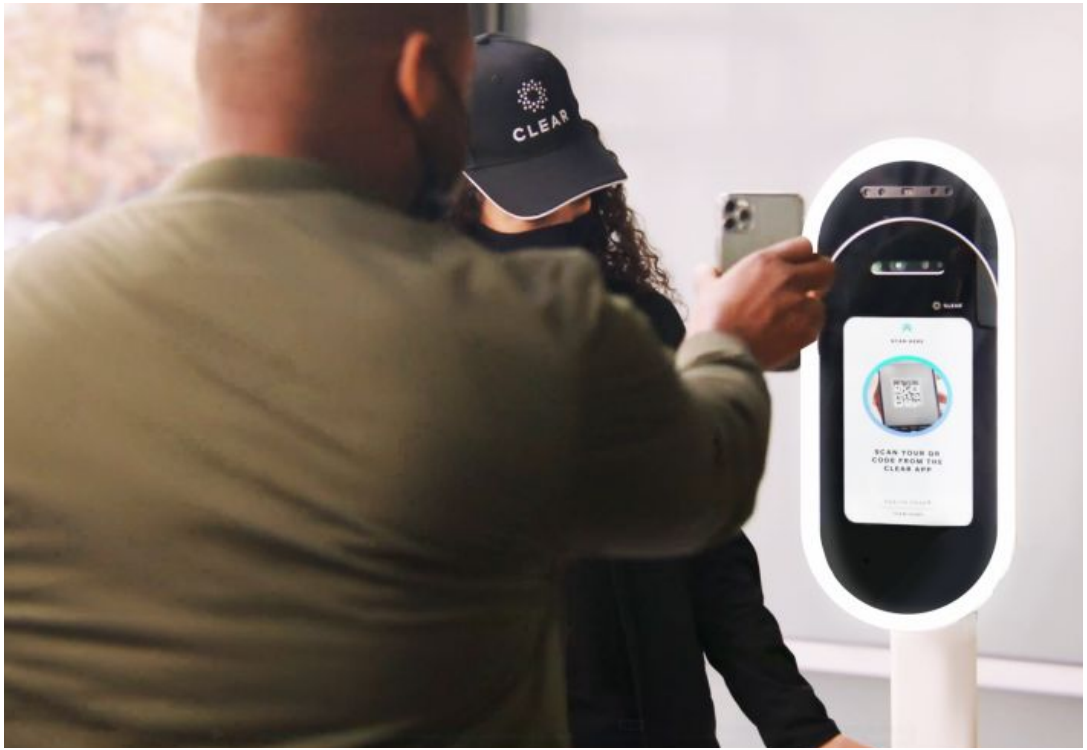


DESIGN AWARD 2022

CLEAR

NEO *Live* in Sports Stadiums

NEO + temperature scanning

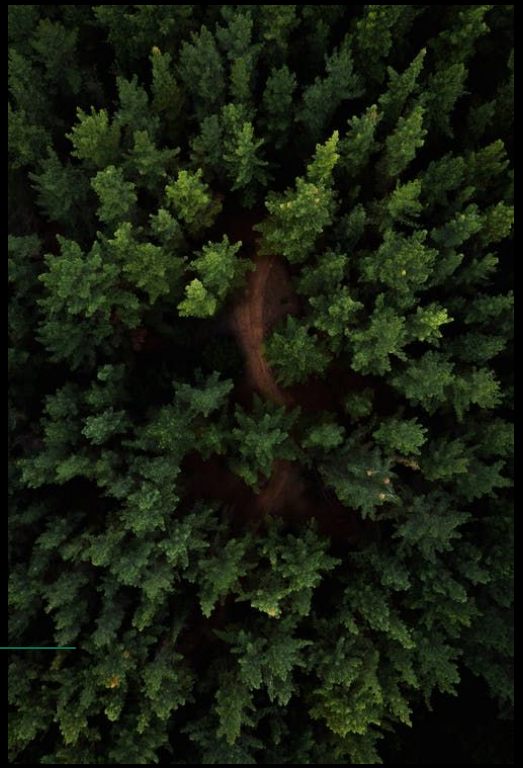


REVLON

GLOBAL GUIDANCE FOR RETAIL & EXHIBITION DESIGN

SUSTAINABILITY DESIGN

As part of Revlon's corporate social responsibility mission we are reimagining traditional mass merchandising and minimizing our environmental impact at point of sale.



PEOPLE RECYCLING
202,831,611

WASTE RECYCLED
7,762,174,415

MONEY FOR CHARITY
$44,806,327

Enhanced Merchandising

Reinventing the space to add education and create a clean aesthetic to improve the Guest shopping experience.

Sustainability

Rethinking the traditional cosmetic merchandising system to create one that is inherently more sustainable and minimizes material for updates.

Operational Efficiency

Redefining the traditional model to streamline updates and reduce update labor.

NO-MAKEUP MAKEUP LOOK.
